Obey Me!, the Mobile Game With 5 Million Downloads Across 186 Countries and Regions, Now Has a Traditional Chinese Language Option!

“Obey Me!” a dating simulation game for mobile platforms by NTT Solmare Corporation (Headquarters: Osaka, Japan; President: Toshiaki Asahi, hereafter referred to as “NTT Solmare,”) that has 5 million downloads across 186 countries and regions, as of October 27, 2021 now has stories* available in Traditional Chinese that will be gradually released as they are prepared. An in-game event (login bonus) will be held to celebrate the Traditional Chinese release. It’s possible to obtain an SSR Demon Voucher and other luxurious rewards, so we hope that you will come and check it out!

*Not all stories from the Japanese and English versions have been translated into Traditional Chinese. Stories with Traditional Chinese translations will be released gradually.

About Obey Me!

In Obey Me!, you get to make seven handsome demon brothers, each with their own personalities, do your bidding as you enjoy different methods of communication with them. Enjoy your school life in the Devildom by interacting with the dangerous yet charming brothers and their classmates through chats and phone calls, and by making them go to

work. Read through an exciting story that changes depending on the choices you make! Laughter, excitement, and romance all await in “Obey Me!”

Features

- Enjoy amazing, free content and battles.
- An intuitive UI that functions just like a smartphone.
- High-quality graphics that accompany an awesome story.
- Music that brings out the unique atmosphere of the Devildom.
- Spectacular Japanese voice acting that anime fans worldwide will love.

Scheduled Release

October 27, 2021.

*Distribution via each store will commence on October 21. Traditional Chinese is scheduled to be available for download via all applicable stores by October 27.
