

MangaPlaza Celebrates 4th Anniversary as Worldwide Catalyst for Emerging Manga Genres

LOS ANGELES, Calif., March 3, 2026 - MangaPlaza, a leading digital manga platform known for its women-oriented titles, celebrates its 4th anniversary with insight to its years of success and exciting promotions for users. Providing end-to-end distribution of their unique and diverse catalogue of manga, from digital to print publishing, MangaPlaza meets the needs of passionate readers and drives the global expansion of Japanese content.

MangaPlaza has spent the last four years bringing the manga experience to everyday life. Beyond offering a seamless experience across digital and physical formats, MangaPlaza aims to create a space where fans can connect and talk about the stories they love, including Boys' Love (BL) and Yuri (GL/Girls' Love) titles. MangaPlaza's goal is to bring Japanese manga and exceptional works that are still not widely known overseas to more people around the world.

Since its inception, MangaPlaza has also aided in the development of genres that were once considered niche. While "Shonen" (boys') manga and comics were widely available in the United States, distribution of women-oriented titles remained limited. By uncovering the huge demand for women's manga and providing a dedicated home through MangaPlaza, the platform paved the way for the community of female manga fans and established new genres such as "Reijo" titles. "Reijo" or "Reijou" refers to a manga genre in which the protagonist is a young female from a noble or aristocratic family.

Shinya Sumida, Senior Vice President, e-Book Division Manager of NTT Solmare which operates MangaPlaza, speaks to the growth of the platform:

“Over the past four years, MangaPlaza has grown into an indispensable platform for manga fans in the U.S. Our mission has remained the same: to serve as a bridge connecting Japan and the world through the culture of manga. We have continued to evolve in pursuit of that mission.

As we worked to enhance the convenience of digital reading, we also expanded into print books through MangaPlaza, which was natural and necessary. We believe that delivering the value of these works through both digital and physical formats is our sincere commitment to our fans

Behind every great title is always a creator who brought it to life. Choosing to read titles officially on MangaPlaza becomes the greatest form of support for creators and the energy that helps inspire the next masterpiece.

We invite readers to discover and enjoy many incredible Japanese titles that are still waiting to be discovered exclusively on MangaPlaza.”

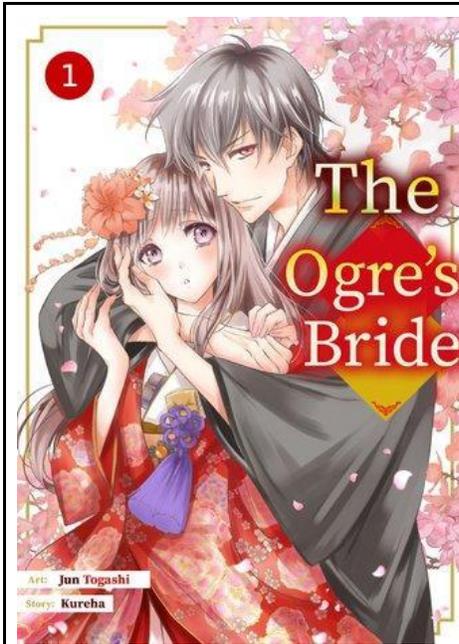

To celebrate their 4th anniversary, MangaPlaza is offering a number of promotions to their users throughout March and April 2026:

- More Free Chapters: The number of chapters available for all users is increased for a limited time.
- 2025 Hit Titles Feature: All users will receive a coupon for 3 books for 30% OFF in the BL, Romance, and Adult Romance.
- Point Bonus Campaign: Premium members will receive 30% points back for point purchases of 3000 points or more.
- 4th Anniversary Digital Image Giveaway: 4th anniversary celebration illustrations for popular MangaPlaza titles will be featured on the landing page. All users who unlock content for eligible titles will receive 10% points back on their transaction.

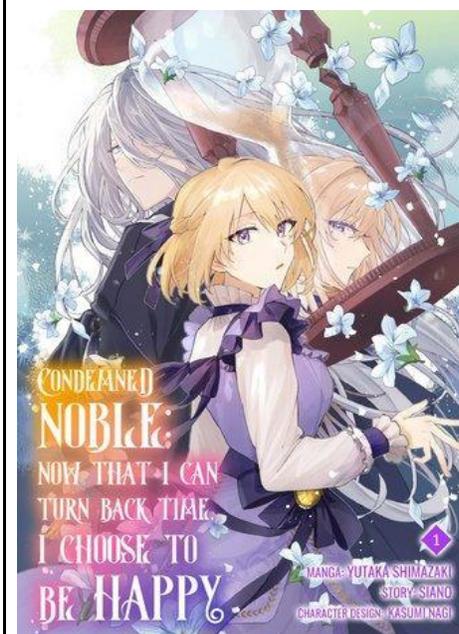

For more information about the celebratory promotions, please visit the dedicated 4th anniversary landing page at <https://mangaplaza.com/special/4th-anniversary/>.
